Presents for Children tomorrow.

Where Dull Times Are Unknown.

If you compare our Shoes - their qualities and prices-with those offered by other dealers you will understand why it is that our stores are always crowded with Shoe buyers. The harder the times the cheaper we buy, which means lower prices to YOU-and consequently more sales for US. We contracted for the Shoes we are selling now last winter when times were very dull with manufacturers, which enables us to SELL many of our Shoes as low as any dealer can
